Vision Plan

**Thank you** for entering the realm of CoSM,  
Chapel of Sacred Mirrors. This Vision Plan offers a comprehensive  
picture of the past, present and intended future of our radically  
welcoming community celebrating creativity as a spiritual path.  
Over the past fifteen years, thousands of people from  
across the globe have visited CoSM and joined us in building a  
Sanctuary of Visionary Art to uplift the human spirit.

Through visionary art, ecstatic dance, music and spiritual  
education, CoSM celebrates celestial events shared by all  
people -- Full Moons, Equinoxes & Solstices -- plus regular Art  
Church, and Visionary Salons. CoSM is committed to activating  
the creative gifts of every community member through an  
educational nexus of focused discussions and workshops providing  
training in all artistic mediums. To provide support for our church  
members, CoSM offers consecrations and commitments of love,  
including weddings, baby blessings and memorials.

Surrounded by the green healing forces of the woods, CoSM's  
40-acre campus, including six buildings and a Wisdom Trail, is  
ideally suited to support individual and group retreats for creative  
renewal. CoSM provides an inspiring destination for souls seeking  
to re-align with their divine imagination, and find the others  
wishing to manifest a mighty force field of love and healing  
together.

*The inevitable consequence of love  
Is the building of temples.  
Join CoSM in this joyous task!*

# Sacred Mirrors

The *Sacred Mirrors* series is a unique work of contemporary art created by Alex Grey, inspired by Allyson Grey. This installation of 21 framed images, nineteen paintings and two etched mirrors, examines the anatomy of body, mind and spirit in rich detail. Incorporating ancient wisdom with artistic skill & scientific accuracy, the Sacred Mirrors reveal life's evolutionary complexity, the unity of human experience across all racial, class and gender divides, and the astonishing vistas of possibility inherent in human consciousness.

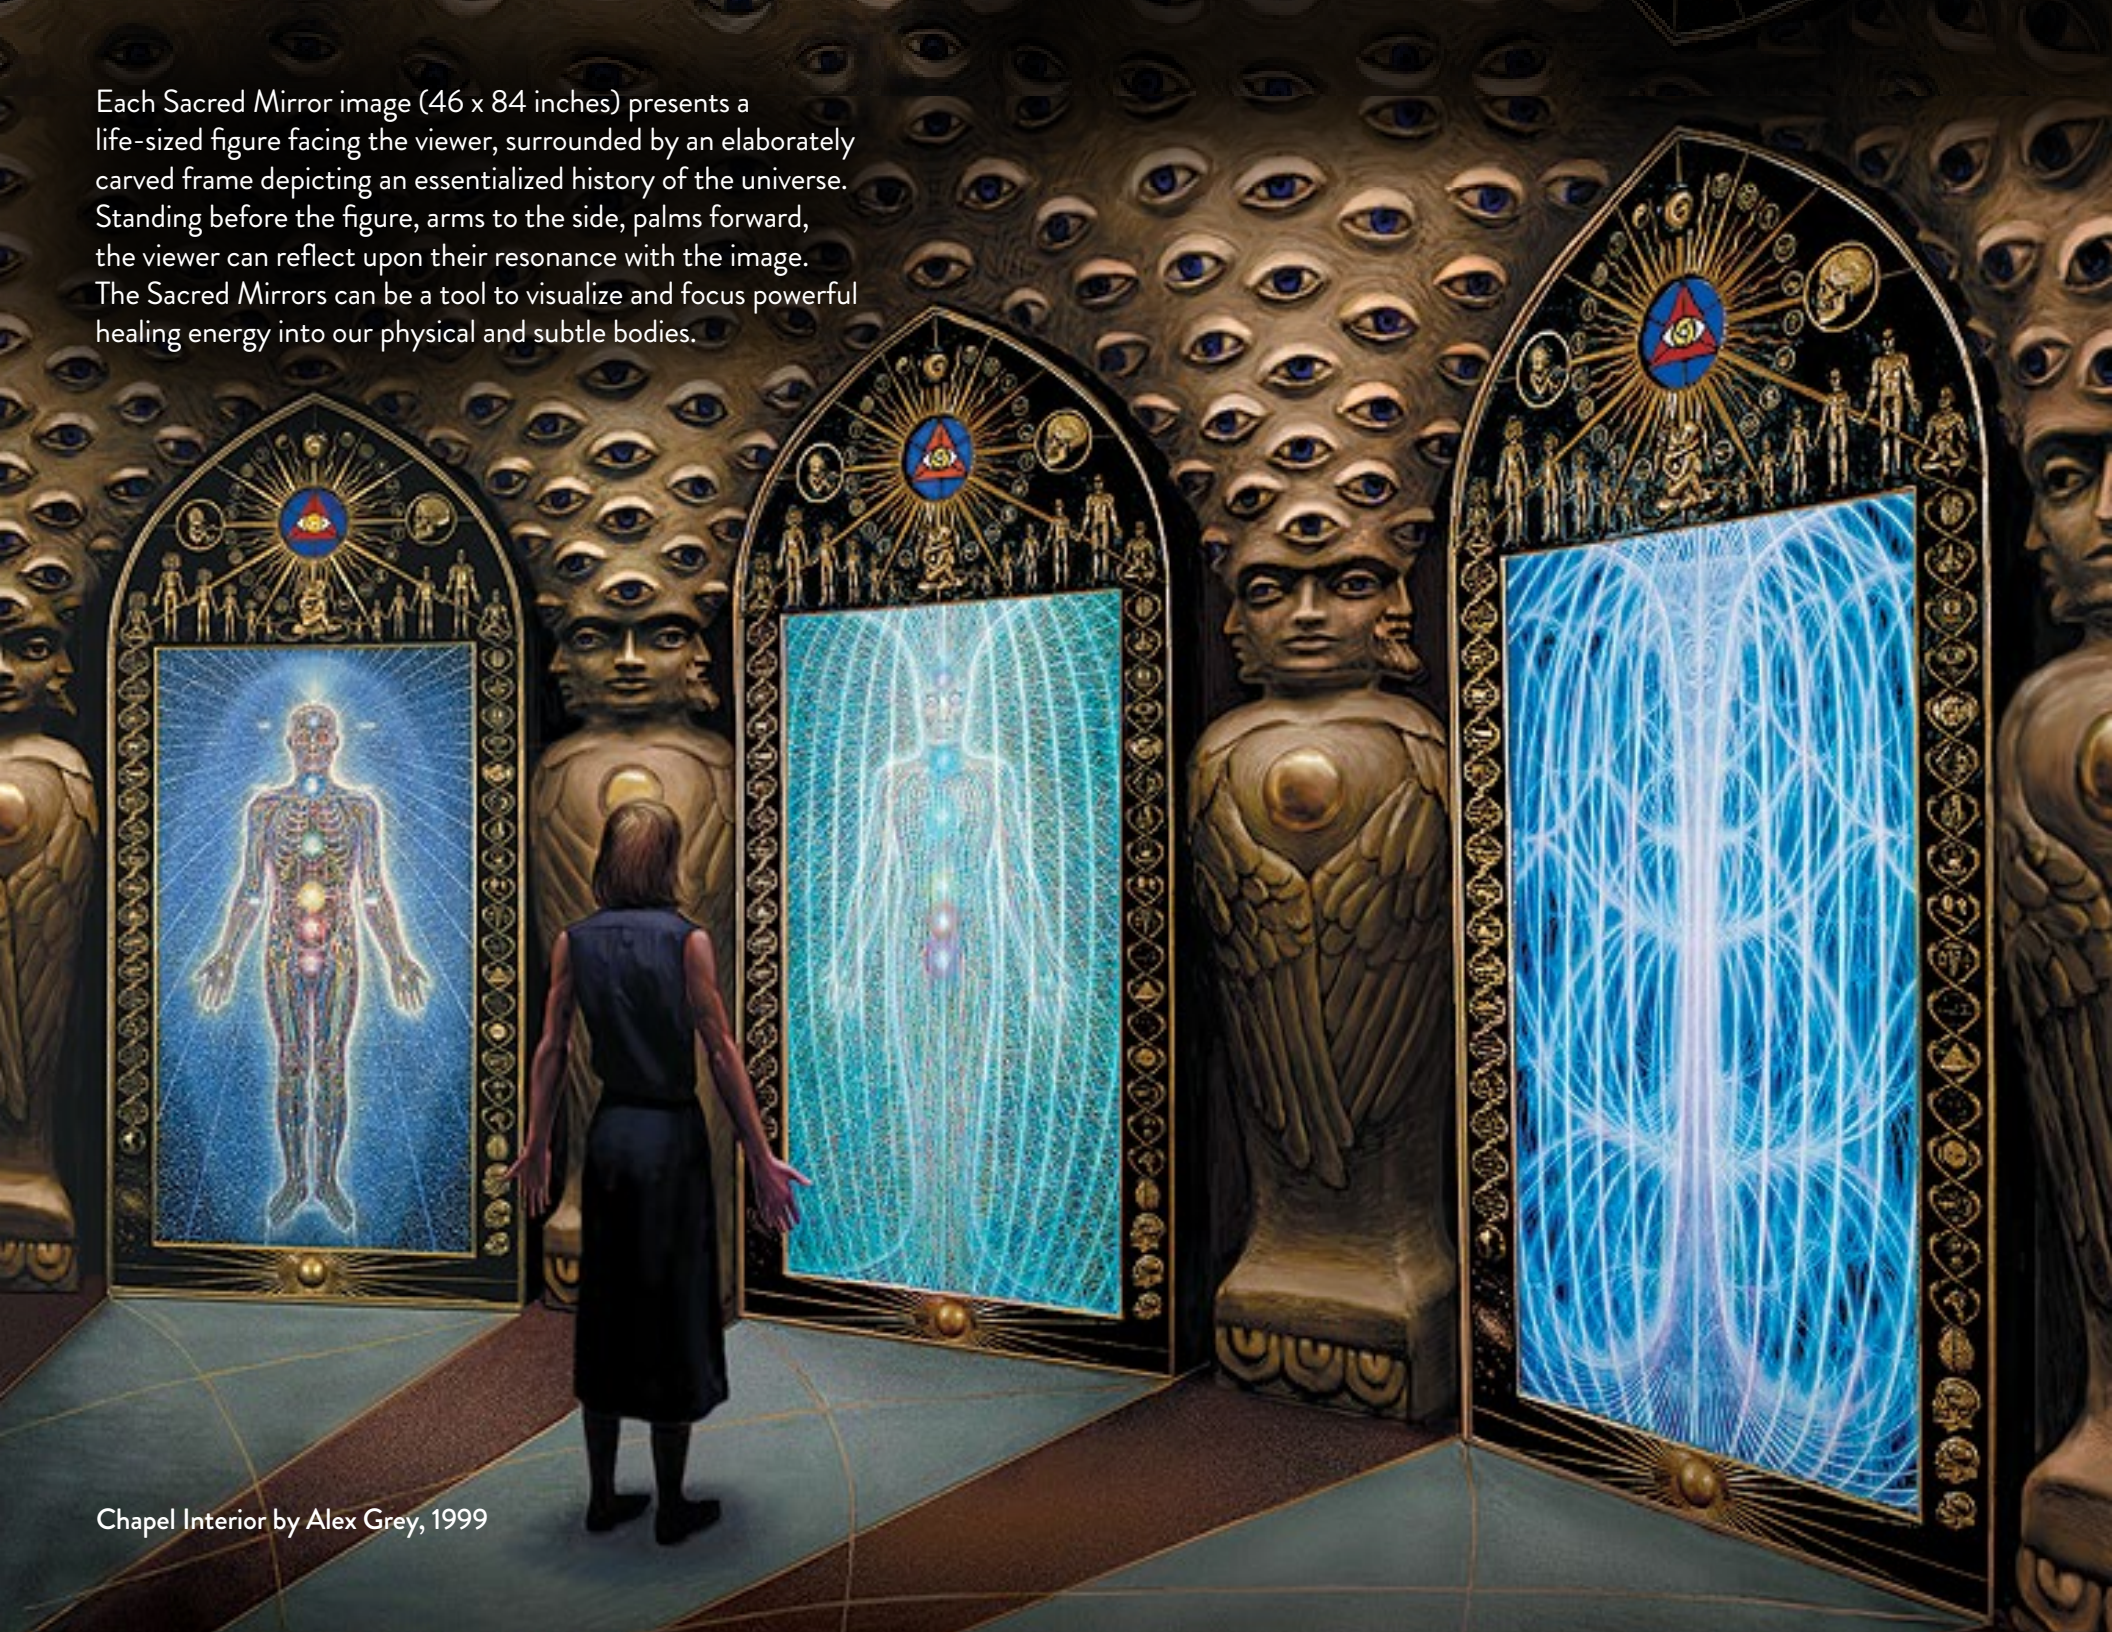

Throughout history, painted caves, pyramids, stupas, synagogues, mosques, cathedrals & churches have demonstrated the world-view of a spiritual community. It is in the hands of visionary artists today to evolve our image of God. Building sacred places of peace, love, unity & ceremony to activate healing & harmony with the cosmos is the holy creation of a community.

Framed Sacred Mirrors at New Museum NYC, 1986

Each Sacred Mirror image (46 x 84 inches) presents a life-sized figure facing the viewer, surrounded by an elaborately carved frame depicting an essentialized history of the universe. Standing before the figure, arms to the side, palms forward, the viewer can reflect upon their resonance with the image. The Sacred Mirrors can be a tool to visualize and focus powerful healing energy into our physical and subtle bodies.

# Creative Worship

*CoSM community  
embraces creativity as a  
spiritual practice.  
In alignment with  
cosmic forces, we celebrate  
celestial events in the  
tranquility of nature.*

*Through visionary culture,  
art, music, dance, poetry,  
performance, we honor  
the Solstices, Equinoxes  
and Full Moons.*

# Full Moon Ceremonies

Since January 2003, CoSM has held an unbroken chain of Full Moon ceremonies that honor the importance of cosmic alignment, spirituality and creativity. We meet on this monthly high tide of the spirit because the Full Moon is a symbol of the Soul, a luminous circle reflecting a greater light, just as each of us are Sacred Mirrors of God's shining presence.

# Art Church

Art Church, held on Sunday afternoon, is a family-friendly group art practice.

Sessions are inspired by music and discussions related to the creative spirit.

# Creative Learning

# Learning at CoSM

**MAGI, Mystic Artists Guild International** is the educational nexus of CoSM where the mystical experience and its portrayal in Visionary Art is the spiritual core & focus.

The mission of MAGI is to study and creatively portray higher states of consciousness in service to a temple-building community.

A broad definition is given to Visionary Culture including painting, sculpture, music, movement, performance, spoken word, oracle reading, healing, cooking, agricultural arts and more. MAGI are extraordinary artists that overcome creative obstacles and compellingly share their mystical experiences.

Future Ministers of CoSM is a program to identify leaders trusted by the community to carry forth CoSM's mission into future generations. Training focuses on three disciplines, Oration, Writing and Reading. Candidates must show proficiency in each of these areas to qualify for completion of the program.

Co-founders, Ministers of CoSM, Alex Grey & Allyson Grey, are the current leaders of the Future Ministers Program.

## Learning with Alex & Allyson

For over forty years Alex Grey & Allyson Grey have been artists, teachers, mapmakers and spokespersons for the visionary realm.

The Grey's annually lead the Painting Intensive at CoSM, offering twenty experienced painters an intimate opportunity to convene, share skills & tips, present their work, up their professionalism and get feedback.

Since 1991, Alex & Allyson have practiced co-teaching their five-day Visionary Art Intensive at Omega Institute [[eomega.org](http://eomega.org)]. This core teaching, open to artists at every level of experience, has been an annual art retreat to evolve our access to visions and our ability to compellingly translate imagination into art.

At Art Church, held Sunday afternoon after the Full Moon Ceremony, we practice art as a spiritual path in an art-making meditation. The meditation period is followed by discussion and a creative and spiritual topic of focus. Like a sampler class, this series of three-hour workshops embody a spectrum of essential teachings offered by the Grey's.

Entheon

2009

2012

## Entheon Construction

The 1882 Carriage House at CoSM is now being transformed into an inspiring art environment called Entheon.

Entheon will exhibit the CoSM collection, including the Sacred Mirrors series and works by visionary artists from around the world. Entheon, meaning “a place to discover the Creator within,” will offer a soul-renewing art journey into the divine imagination.

The numerous galleries of this 12,000 square foot sanctuary of visionary art will offer inspiring installations and some of the exterior sculptures will be in place including the nine-foot Steeplehead, bronze relief doors and two nine-foot guardian Soulbirds. After Entheon receives its Certificate of Occupancy from the Town of Wappinger, priority rests in satisfying increased financial obligations with grace and ease while completing the sculptural countenance of the building’s exterior.

2016

SKY CHURCH Tour of Entheon's Sacred Mirror room  
for CoSM Member's Gathering, August 29, 2015

Successful Kickstarter Campaigns in 2013 and in 2016 attracted nearly 5,000 backers, raising over \$490,000 for Entheon. These funds supplemented a consolidated mortgage & construction loan from Rhinebeck Bank of \$900,000. The Grey's loaned \$500,000 through a line of credit on their home in Brooklyn.

Currently, \$200,000 in Capital contributions are needed to complete Entheon's epic visionary art environment. Another \$200K is needed to finish site-work.

A year round destination, Entheon will be a refuge of soul renewal for generations to come, a legacy initiated in our time by the CoSM Community.

**Entheon 2016.** In order for Entheon to be open to the public, CoSM must receive a Certificate of Occupancy (C of O) from the Town of Wappinger. To satisfy the Town Planning ordinances, much site work is needed including widening and paving over a quarter mile of driveway, paved parking lots, exterior lighting and ADA compliance on the site.

# All One Gallery

***Thanks to the generosity of David Bronner of Dr. Bronner's Soap, the entryway All One Gallery at Entheon will offer annual rotating exhibitions of original paintings, sculpture and multi-media art by accomplished visionary artists from around the world.***

## Chapel of Sacred Mirrors

A custom environment accommodates perfectly all twenty-one of the beloved Sacred Mirrors.

To enhance the series in this unique installation are ten arch angels interconnected by gold interwoven soffits, a zim-zum tree-of-life labyrinth floor, and a moat of glittering quartz crystal debris surrounding each sculpted ten and a half foot frame.

## Chaos Order & Secret Writing

A projected light shower of Secret Writing will wash over every visitor entering the Chaos, Order & Secret Writing Zone. Secret Writing walls and floors highlight key works representing all three iconic elements. Evolving since 1971, Chaos, Order & Secret Writing was inspired by the artist's "God contact," a psychedelic eschaton that revealed the Divine and changed the direction of the artist's work to visually depict a unique view of the sacred.

# Great Hall

Transcendental works of art by Alex Grey & Allyson Grey will be featured in the Great Hall including *Theologue*, *Net of Being* and *Jewel Net of Indra*. CoSM's most attended events can be accommodated in this gallery, including Full Moons gatherings, performances, symposiums and lectures that attract the greatest audiences.

## Progress of the Soul

Paintings by Alex Grey in Progress of the Soul Gallery, feature loving relationships and passages in a life's cycle. Among the works on exhibit in this gallery will be *Praying*, *Kissing*, *Pregnancy*, *Birth*, *Buddha Embryo* (conception to birth), ending the soul-cycle with one of Alex's most profound images, *Dying*.

for future generations.

With your help, ornamental concrete  
specialists will create giant 3D print-outs

reinforced concrete with a surface  
of crushed crystal aggregate.

the sacredness of all creation in our emerging planetary culture.*

# Chapel of Sacred Mirrors

The future **Chapel of Sacred Mirrors** is to be built in CoSM meadow. This exquisite temple will be the ultimate home for the Sacred Mirrors. With the Chapel in the meadow, the Grey's art will be moved out of Entheon, which will continue displaying rotating exhibitions of the Visionary Art Movement.

Some imagine a wider ministry with CoSM churches in key locations around the planet. The core values of tolerance, love, earth honoring and creativity as a spiritual practice could bring light to many communities.

# CoSM Core Values

## Purpose: Why we exist

The mission of Chapel of Sacred Mirrors, CoSM, is to build an enduring sanctuary preserving the Sacred Mirrors collection of art and establishing a public Visionary Art sanctuary celebrating Universal Spirit.

## Values: What is important

**Creativity** — Through acts of creation and aesthetic reflection, we practice self-expression and innovation in alignment with the cosmic force.

**Appreciation** — As artists of consciousness, we love life as our personal creation.

**Learning** — Studying the teachings of all wisdom paths and the creative artifacts of all traditions, we broaden our perspective and pursue life-long learning and mind expansion.

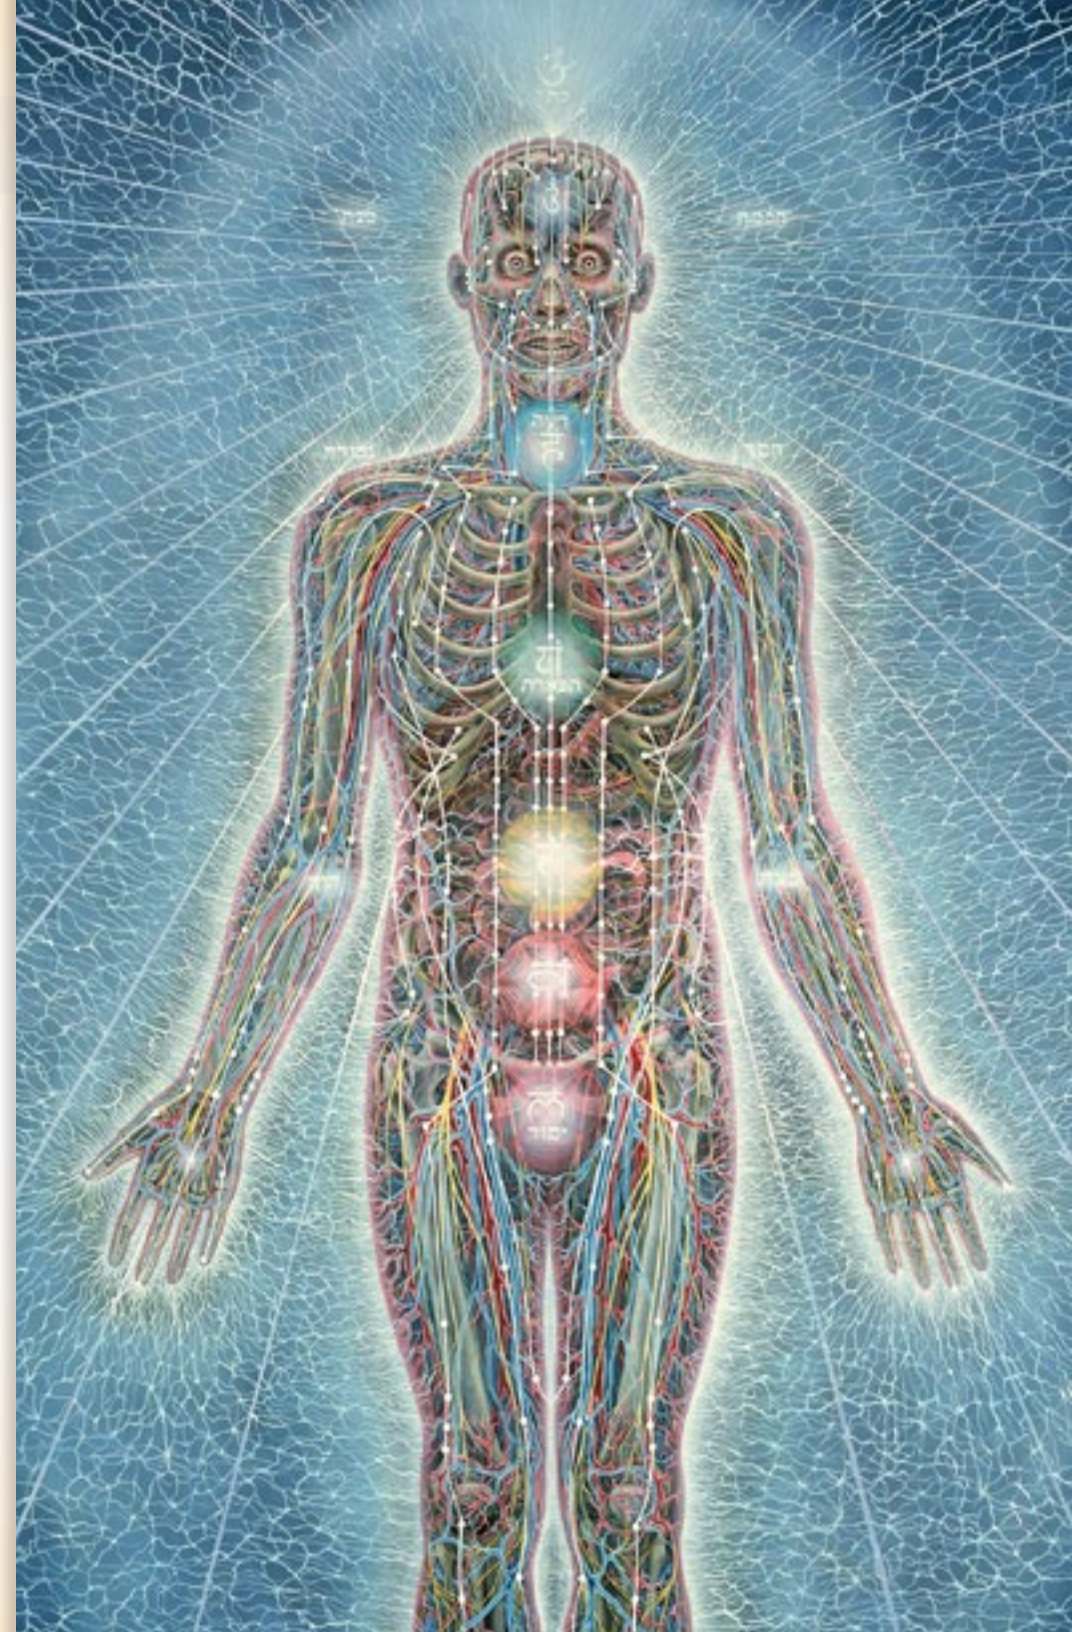

**Transformation** — CoSM embraces radical acceptance and inward evolution within ourselves and the collective.

**Communication** — Open, honest, respectful and clear communication throughout our workplace and community is essential.

**Teamwork** — Collaborating with enthusiasm and unity of purpose, we share and participate with staff, volunteers and guests in co-creating a CoSM experience.

**Sacred Community** — Building a sacred space builds a community that catalyzes the creative spiritual path of every individual.

**Observance** — To wage peace and raise the vibration of our light bodies, we engage in contemplation and ecstatic celebrations linked to cosmic alignments shared by the whole human family — Full Moons, New Moon, Equinoxes, and Solstices.

**Work Ethic** — Operating both business and personal affairs with integrity, responsibility, and cleanliness, we do what we said we'd do, when we said we'd do it.

**Business** — Business, our liaison with the world, extends CoSM's message and ideals. Committing to a healthy, well-functioning business model supports the spiritual purpose of CoSM and the collective good. CoSM pays its debts and operates with courtesy and professionalism.

**Service** — Service to the community by attuning to the experiences, needs, and expectations of guests and co-workers is karma yoga, a spiritual discipline of selfless action toward personal betterment.

**Earth Honoring** — Respecting planet earth and all creation, CoSM is a stand for revitalizing and sustaining the life-web and environment.

**Sacred Mirrors** — The body of knowledge and wisdom communicated through the art of CoSM reflects the divinity in every human being. The symbol of the Sacred Mirrors point to a vision of the One Self.

**Excellence** — In our personal lives, in our jobs and creative pursuits, we strive toward the highest potential.

**Diversity** — CoSM embraces gender balance and altruism toward all races, religions, ages, and sexual orientations.

**Universal Spirituality** — CoSM celebrates all traditions and wisdom paths that uplift consciousness to visionary mystical states and catalyze personal contact with the Divine.

# World View: What is our Truth.

**Every moment is an opportunity  
for love and transformation.**

Through universal spirituality and reverence for the web of life, we experience the evolving creative miracle of our cosmos.

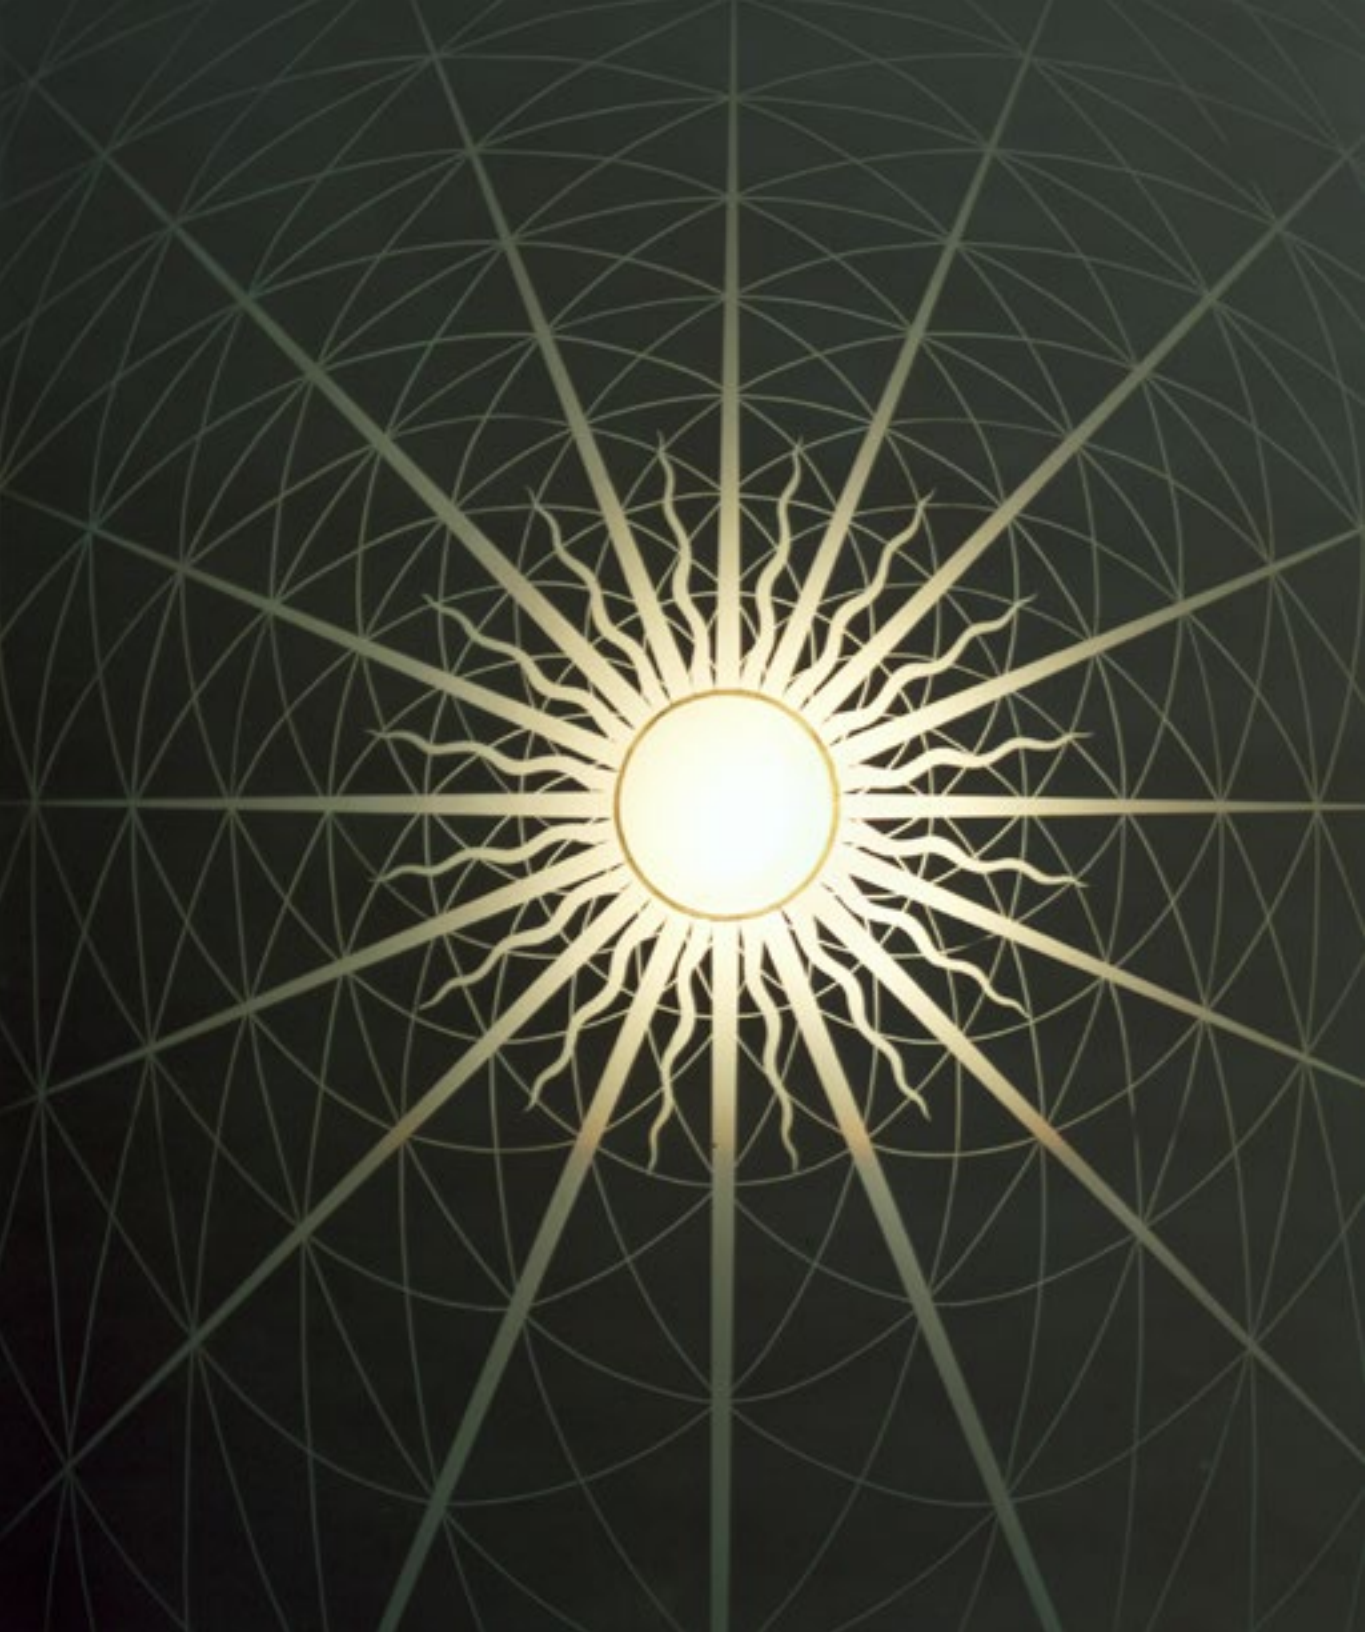

CoSM points to the integration of both scientific and spiritual truths, both outer and inner worlds.

Artwork in the Chapel of Sacred Mirrors venerates earthly, visionary and transcendental realms.

The Sacred Mirrors series, in fact, all artworks at CoSM, invite the viewer to mirror each image to see oneself and others as reflections of the divine.

Surrounded by the beauty and vitality of nature, we powerfully attune with the creative forces of our Soul.

Human consciousness is evolving toward a planetary civilization based in peace, cooperation and cultural exchange.

## Message from Founders

In a cosmos of billions of galaxies,  
In a galaxy of billions of stars,  
There's a planet with billions of people -  
The only one we know,  
And every breath we breathe is a miracle.  
Our hearts pump.  
We see. We hear. We feel. We taste.  
We touch our world.  
And sometimes we forget the pure wonder  
Of our brief journey on earth.  
Our lives are committed to making artwork  
That wakes people up to the miracle of life,  
The value of being human,  
And the transformative power of love.  
There are moments when we see  
Behind the opaque curtain of life,  
When the Infinite One shines  
Through the skin of the beloved,  
And we recognize the game we are in,  
The journey we are on,  
The powerful beings that we are,  
And the truth that is worth living for.  
As an alliance of Souls,  
We can build a Chapel  
Where the Creative Spirit  
Of a dawning planetary civilization  
Is embodied in transformative architecture.  
To build a temple is the Art of a Community,  
We invite you to take part in this sacred task.  
And build the Chapel of Sacred Mirrors.

Thank You!  
H. J. Johnson

# Legacy: CoSM Future

## Opening Entheon

The numerous galleries of this 12,000 square foot sanctuary of visionary art will offer inspiring installation and some of the exterior sculptures will be in place including the nine-foot Steeplehead, bronze relief doors and two nine-foot guardian Soulbirds.

In order for Entheon to be compliant, CoSM must receive from the Town of Wappinger, a Certificate of Occupancy (C of O) before announcing our opening to the public. To satisfy the Town Planning ordinances, much site work is needed including widening and paving over a quarter mile of driveway, paved parking lots, exterior lighting and ADA compliance on the site.

After Entheon receives it's C of O from the Town, priority rests in satisfying increased financial obligations with grace and ease while completing the sculptural countenance of the building's exterior. Operating impeccably with uncompromising service, CoSM has attracted world-wide support even as the original paintings, the sacred context that founded this radically welcoming spiritual center, have been in storage. With the artwork again on view in an extraordinary sculpted temple, the site will be an enduring pilgrimage site capable of serving our expanding global spiritual community.

## Chapel in the Meadow

The Chapel of Sacred Mirrors, an original temple design by Alex Grey, is intended as the future pearl in the crown of CoSM, the realization of a life-long vision. Planned for installation in the meadow, this build is projected to commence by 2025. With both local and international support, this vision will be actualized through the unstoppable spirit and commitment of staff, CoSM Board Members and the world-wide Love Tribe. Fully open with a weekly roster of programs, workshops, rituals and celebrations, CoSM's intimate and expansive offerings will be a cherished and memorable destination.

## The First Church of CoSM

Visioning the future of CoSM, some imagine a wider ministry with churches in key locations around the planet. The core values of tolerance, love, earth honoring and art as a spiritual practice could bring light to many communities. Plans for CoSM in other cities would entail the use of CoSM trademarked names and event formats plus permission to display full-sized replicas of major copyrighted artworks that provide the spiritual context of the Chapel of Sacred Mirrors.

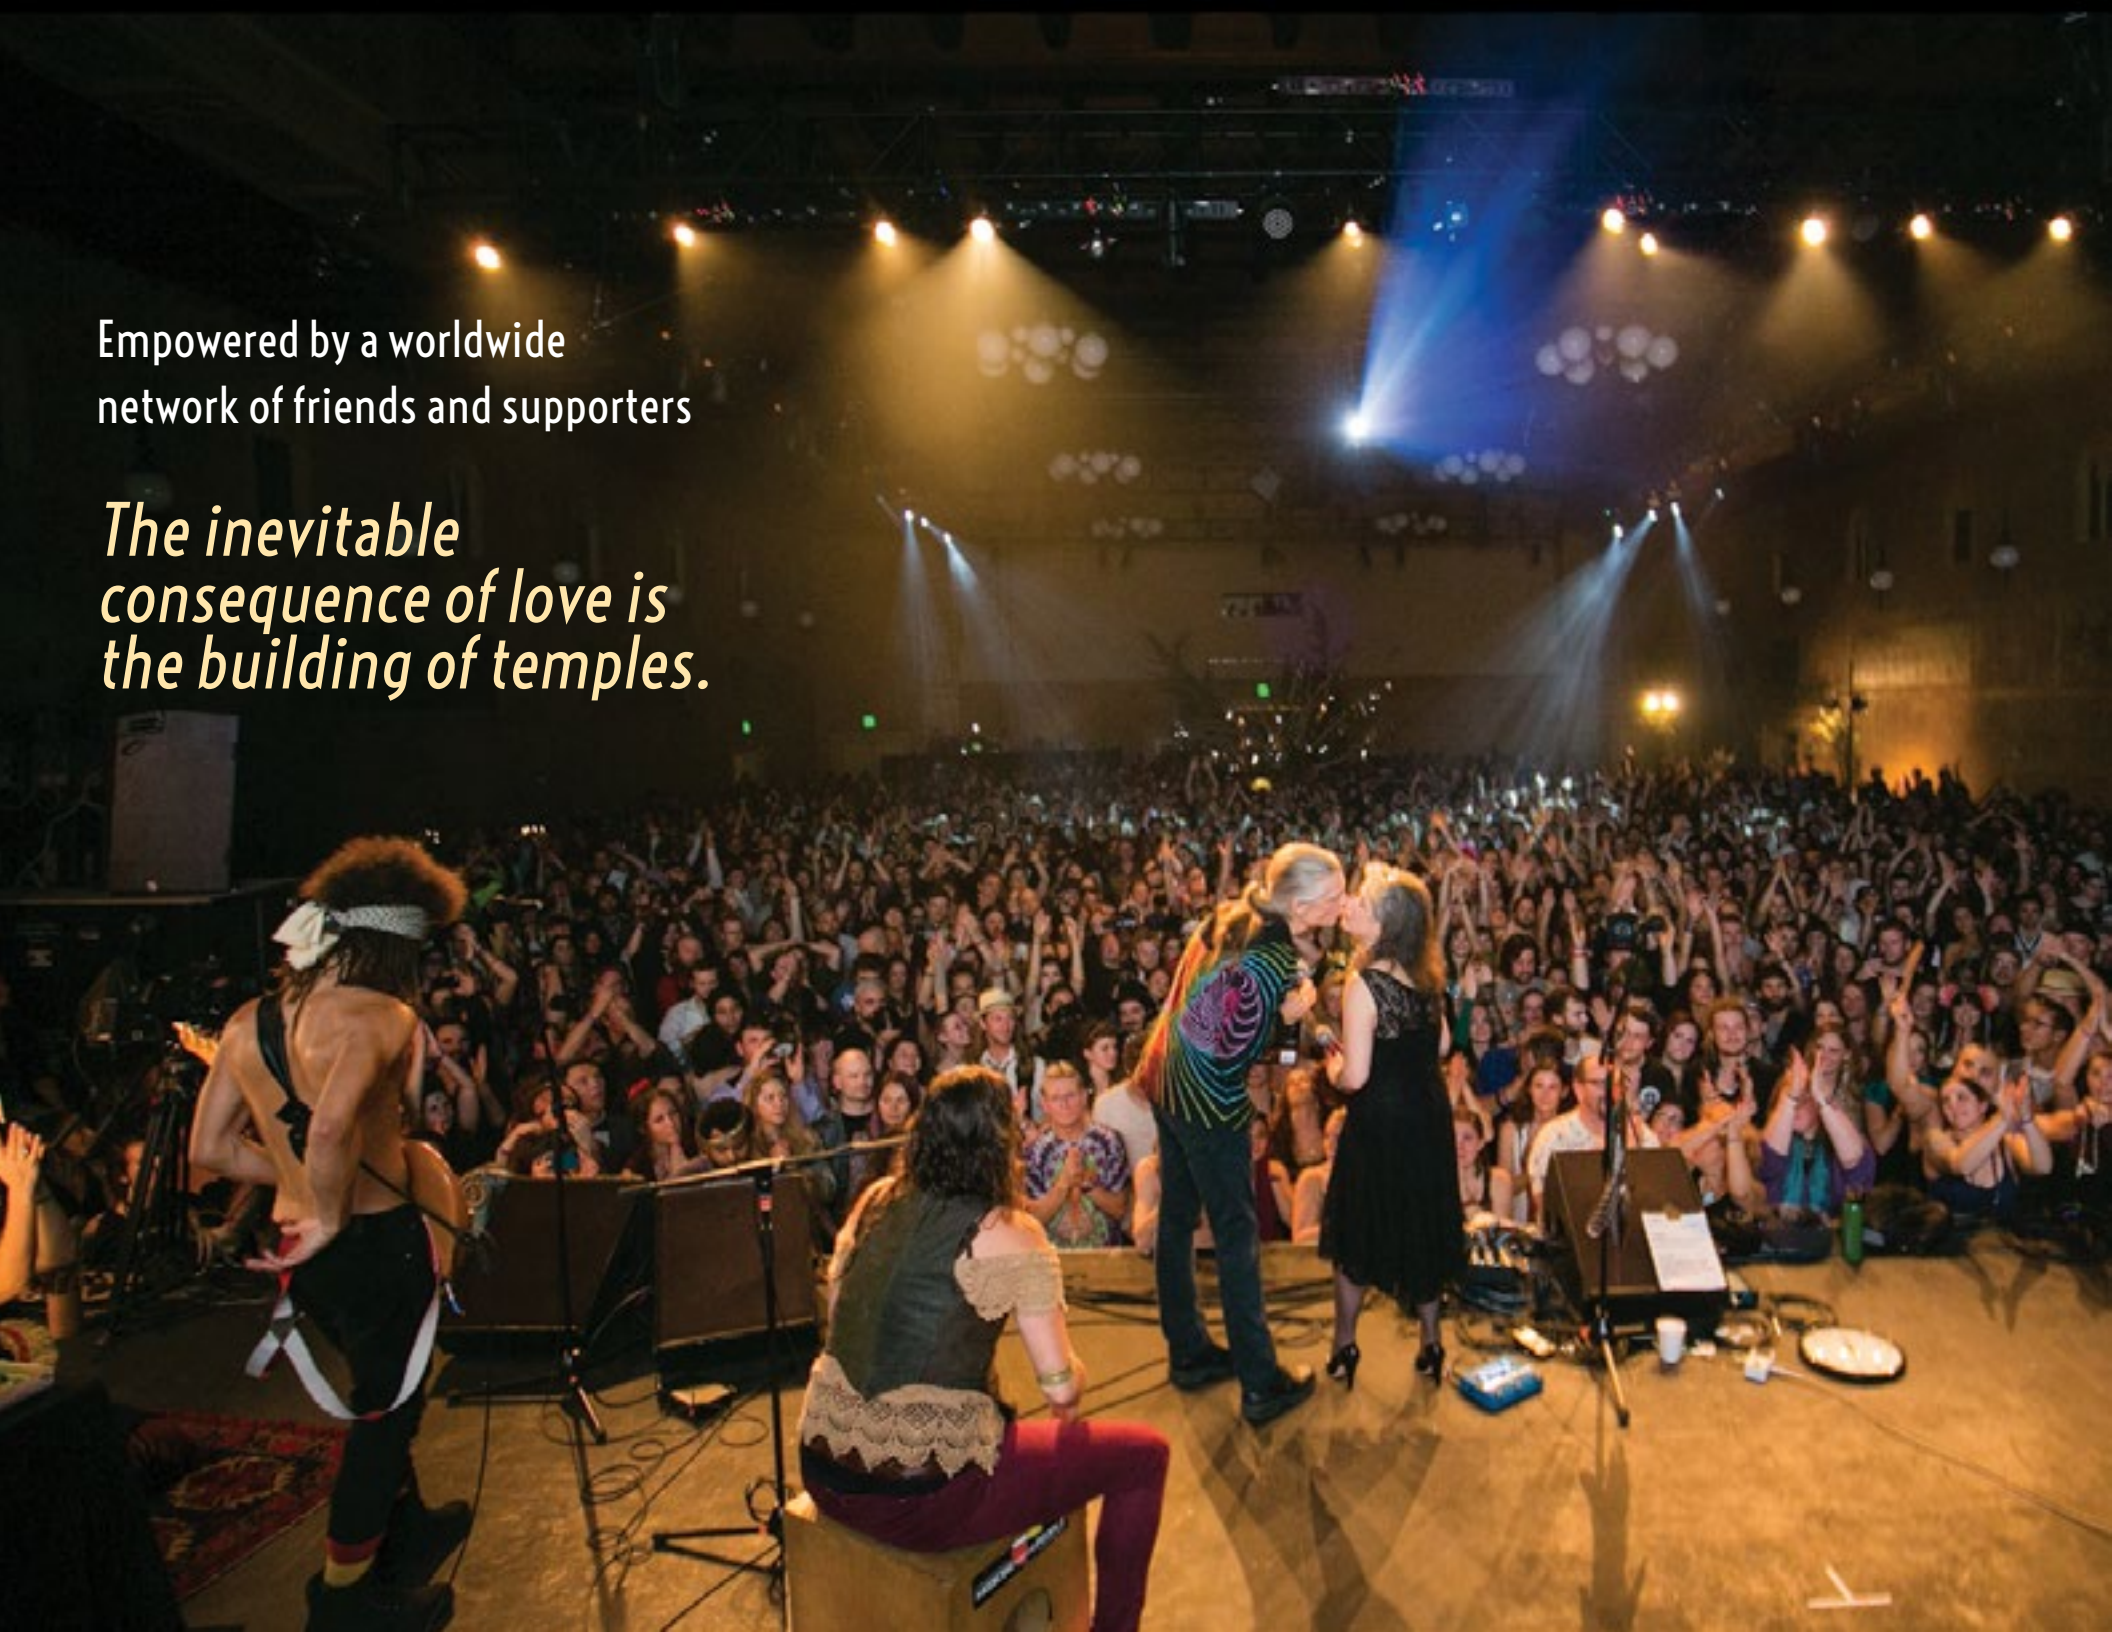

## Future CoSM Chapters

Future CoSM chapters might be considered. Ordination at CoSM theoretically could lead to the emergence of a new and separate but connected CoSM branches. Over the past decade, inquiries have been made about a CoSM church outside of the Hudson Valley. Those entertaining serious interest are welcome to inquire for an essentialized vision of possibility in this regard.
